7th ANNUAL CLUB WORLD AWARDS

NOMINEES REPRESENTING
THE BEST OF 2008 NIGHTLIFE

PRIVE, LAS VEGAS

The Opium Group's 12,000-square-foot Sin City outpost features everything you'd expect from the Miami-based club kingpins. On the design front, The Opium Group, in tandem with Francois Frossard Design, outfitted its first West Coast property with Pucci fabrics, a Brazilian cherry dancefloor, a wall of fire, and plenty of other eye-catching amenities. Its Sound Investment Audio-installed system boasts 16 21-inch drivers driven by 48,000 watts of power, and it is the first Vegas venue to use Funktion-One's latest low-frequency speaker. And, of course, Prive has hosted performances by many a famous face, including T-Pain and Flo Rida.—KC
