BRASSERIE AZUR COMING TO MIDTOWN THIS MONTH

The brasserie-and-roisserie concept opens in the former Mercadito space at 3252 NE First Ave. (adjacent to the Shops at Midtown), with a modern French bistro concept. Designed by Francois Frossard, who was also behind the lush Villa Azur, the restaurant features brickwork, rustic farmhouse tables, and bright accents. In contrast to its uber-chic SoBe sibling, Brasserie Azur strives to be cooler and more casual – with a foosball table and hookahs.
