Cancun's Moon Palace Golf & Spa Resort Unveils Noir Nightclub

[Palace Resorts](#) announced the opening of the Noir nightclub at its flagship property, [Moon Palace Golf & Spa Resort](#). The latest addition from the resort's multimillion-dollar enhancement project, Noir offers a striking mix of cutting-edge design and glamorous nightlife. Noir is appointed in onyx tones with alabaster sofas and deep cushioned booths. It features a specialty cocktail list.

French designer Francois Frossard conceived the \$2 million Noir project. "Noir brings a vibrant, social atmosphere to an imaginative space that takes you on a futuristic and unexpected journey," said Frossard. "Throughout the redesign process, the goal was to find the perfect balance of modern edge and classic appeal. Everything about Noir transcends trendiness in order to stand the test of time while also being strikingly unique."

"We believe the addition of Noir is one of the most exciting new elements to Moon Palace. Through the tireless efforts of visionary designer Francois Frossard, we are continuing to redefine the concept of what a traditional all-inclusive resort offers," said Gibran Chapur, executive vice president of Palace Resorts. "Truly something for everyone, Moon Palace offers guests with a wide variety of tastes and expectations one-of-a-kind, lasting experiences."

Located on Cancun's south shore and nestled between 123 acres of tropical foliage and secluded white sand beach, the property offers guests more than 2,400 waterside and garden view accommodations or golf villa suites. Multiple pools are complemented by two children's pools, one Golf Club pool, six Jacuzzis and four swim-up bars. The resort features a water sports marina, a fully equipped fitness center and private Kids Club. It recently added the FlowRider Double, a wave simulation machine. Moon Palace Golf & Spa Resort has hosted world-renowned artists such as Shakira, Enrique Iglesias and Usher.
